

# *In case of fire*

## **In case of fire in your room**

- If you are unable to control the fire: exit your room, close the door properly , follow the exit signs and alert the reception desk.

## **If you hear the fire alarm**

- If the passage is clear: exit your room, close the door properly and follow the exit signs;
- If you are unable to use the hallway or stairs because of smoke: stay in your room, make yourself seen at the window while awaiting firemen;
- A damp closed door, made airtight with damp towels, will protect you for a long time;
- Use of elevators is strictly forbidden.
